SEO SPECIALIST & TECHNICAL VIRTUAL ASSISTANT

SUMMARY

Detail-oriented virtual assistant with over a year of combined experience across customer support, SEO knowledge, and AI-assisted web design gained through BPO, freelance, and bootcamp work. Skilled in technical SEO audits, on-page and off-page SEO, keyword research, local SEO, WordPress, analytics, and AI-supported workflows. Works independently, communicates clearly with clients, adapts quickly to new systems, and delivers reliable, organized work. Seeking a full-time virtual assistant role supporting a digital agency across SEO, web, and client-facing work.

DIGITAL MARKETING & SEO EXPERIENCE

SEO Sales Staff - Frelas Media (Freelance) | Jul - Aug 2025

- Managed outreach, follow-up, client communication, and direct sales of website and SEO packages from first contact through close.
- Explained technical SEO and web services in clear, client-friendly terms to support informed purchase decisions.

PinoySEO Bootcamp, Batch 32 (Remote) | Aug - Sep 2025

- Completed intensive hands-on training in technical SEO, on-page and off-page optimization, and data analysis.
- Contributed to the mentor's business website, applying bootcamp concepts to a live project.
- Audited sites with Screaming Frog, Ahrefs, SEMrush, and Ubersuggest to identify technical issues automated tools can miss.

CUSTOMER SUPPORT EXPERIENCE

Customer Experience Agent - Alorica | Apr - Oct 2024

- Resolved customer inquiries in a high-volume BPO environment, documented interactions accurately, and followed procedures while maintaining service quality.

Customer Service Representative - ERC Global | Jun - Nov 2023

- Resolved inbound inquiries professionally in a metrics-driven environment, strengthening communication and problem-solving skills while maintaining customer satisfaction.
