SEO SPECIALIST & Technical Virtual Assistant

SUMMARY

Detail-oriented virtual assistant with over a year of hands-on experience across customer support, solid skills & knowledge in SEO, and AI-assisted web design, gained through BPO, freelance, and bootcamp work. Works independently and communicates clearly with clients, asking the right questions early and following through until tasks are complete. Comfortable across SEO and web tools including Ahrefs, SEMrush, Screaming Frog, WordPress, and Google Analytics, plus AI tools such as ChatGPT, Claude, and Gemini for research and workflow support. Adapts quickly to new systems and processes, bringing consistent attention to detail and reliable, well-organized output. Looking to bring that resourcefulness to a full-time virtual assistant role supporting a digital agency across SEO, web, and client-facing work.

SKILLS & TOOLS

Core Skills: AI-Powered Web Design & Development, Customer Service & Client Communication, Technical SEO Audits, On-Page & Off-Page SEO, Keyword Research & Mapping, Local SEO, Data Entry & Reporting, Project Coordination

SEO / Marketing Tools: Ahrefs, SEMrush, Ubersuggest, Google Search Console, Google Analytics (GA4), Screaming Frog

Web & CMS: WordPress, Elementor, Payload CMS

Productivity & Communication: Google Workspace, Microsoft 365, Zoho CRM, Slack, Microsoft Teams, Discord

AI Tools: ChatGPT, Claude, Gemini Pro, Google AI Studio, Figma, Stitch.

DIGITAL MARKETING & SEO EXPERIENCE

SEO Sales Staff — Frelas Media (Freelance)

Jul – Aug 2025

- Sold website and SEO packages directly to prospective clients, managing outreach, follow-up, and communication independently from first contact to close.
- Explained technical SEO and web services in clear, client-friendly terms to support informed purchase decisions.

PinoySEO Bootcamp, Batch 32 (Remote)

Aug – Sep 2025

- Completed an intensive, hands-on SEO bootcamp covering technical SEO, on/off-page optimization, and data analysis.
- Contributed to building the mentor's business website, NorcalCoffee.com, applying bootcamp concepts to a live project.
- Audited sites using Screaming Frog, Ahrefs, SEMrush, and Ubersuggest, catching technical issues automated tools often miss.

CUSTOMER SUPPORT EXPERIENCE

Customer Experience Agent — Alorica

Apr – Oct 2024

- Delivered consistent, professional support in a high-volume BPO environment, resolving customer inquiries efficiently while maintaining service quality standards.
- Documented customer interactions accurately and followed established procedures to ensure a smooth, dependable experience.

Customer Service Representative — ERC Global

Jun – Nov 2023

- Handled inbound customer inquiries with professionalism and patience, resolving issues promptly to maintain satisfaction.
- Strengthened communication and problem-solving skills within a structured, metrics-driven support environment.
